Motors From 1988 to 1993, the SA50 used the same AF05E motor found in the SE50 (and the NB50 before that). Then for 1994 Honda decided to switch the SA50's motor from the aging AF05E to the newer vertical AF16E engine found in Dio's worldwide (including Canada since 1992). With the motor updated, Honda also added a moped legal version capable of 30mph called the Elite S (SA50P).
