In addition, LCFF requires the State Board of Education (SBE) to develop a new statewide accountability system. During the development of this new system, the SBE suspended the calculation of the API and the last API report was produced in 2013. In March 2017, the California SBE and the CDE launched a new accountability system to replace the API.

**Academic Performance Index (API) - Programs No Longer ...**

The district Growth API, for 2011-12, must be at least 740 (or one point above the Base API if the Base API score already is 800 or above). For each subsequent year the required Growth API score for NCLB will increase by 30 points until it reaches 800 in 2013-14.

For a given grade level, all English scores are put into an ordered list and a percentile is calculated for each score, based its position in the list. Math and English percentiles from (a & b above) are weighted, based on the number of students who completed each type of test, to create a combined Math+English weighted percentile for each school.
