Ninety five per cent of the time a gun is brandished but not fired in self-defense situations. Two citizens who got their guns from their cars stopped the Appalachian Law School shootings. Only a handful of the reports included any reference to the defensive use of firearms. Gun control is counterproductive in terms of cost and benefit.

Gun rights supporters argue that, since statistics do not prove that gun control reduces gun crime (an argument refuted by gun control advocates), the government does not have enough reason to intrude on the constitutionally protected rights of law-abiding American citizens. In opposition, gun control supporters argue that the Constitution also embodies the government's duty to ensure the safety of its citizens.
